“ We are sorry to hear of Connie's passing. We always respected her concern for her patients, intelligence, and wit. Shirley also greatly appreciates all the mentoring and teaching she did over the years with the residents at Southern Colorado Family Medicine. She not only taught well, but obviously loved what she did and that spoke volumes to our residents.

“ Dr. Wehling was an excellent teacher and mentor, but most of all, a wonderful person. Erica and I had the honor of being taught and mentored by her as family medicine residents in Pueblo, Co.

*We will miss her deeply. Dr. Wood, we send our prayers to you and your family. It was a privilege to know her.*

“ I was very saddened to hear of Connie's passing. I studied under Connie during my Internship and Residency at St. Mary-Corwin Hospital in Pueblo from 2001-2004, and later briefly worked with her while moonlighting as a Hospitalist. She was a wonderful mentor, physician, and person. When she was attending for the medicine service, she pushed us to excel and to really care about our patients. She was a wonderful role model, and I, along with all those who had the pleasure to work with her, will miss her a great deal. Our thoughts and prayers are with you Michael, and family.

“ As Pueblo physicians, we are so sorry for the loss of Connie. She not only was one of the most dedicated physicians we have ever met but a delightful person. She made the most of every day and was a mentor to so many of us. Her loss in this world is tremendous and so sad. Our hearts and wishes go out to Michael and family.

“ Mike, Landis, Brad and family. We are deeply saddened by the loss to your family of such a wonderful lady. Though we only met Connie a few times, I know of her great kindness to my sister and the immense love she had for my nephew. I also know that she was one of the few people that my sister would actually heed advice from, which as you know speaks volumes to her character. Our prayers and thoughts are with you all.

“ Dear Mike, We are greatly saddened by Connie's death. I always considered her the "Best Doctor in Pueblo" and her shoes will be hard to fill. I know she loved her job, but not nearly as much as her coworkers loved her. Blessings to you and the rest of her family as you pass through this and continue to the next phase of your life.
