We were best of friends but more like family! Those were the days teaching preschool children together!!! Will never forget all the fun and laughs we all shared daily! Debbie's sense of humor and laughter made us giggle daily. Will always have those memories. ❤️

Debbie was loved by all who knew her. She was kind and loving and always gave much more than she ever received. I loved her so much, and will miss her beautiful face and loving grace. Fly high, Debbie. You are now safe forever with God and Momma P. <3

She was so special. So beautiful inside and out. Like my little sister I never had. She was caring and giving. A dedicated incredible teacher and touched many little lives. I miss her everyday. Sing with the angels and hug Mama P.
