Hey come on guyz..i don't think that Eric King,Chad or even Eddy Murphy would go on diet to win Steve's hart and live with an empty fridge.
Let Steve stay with an empty fridge to get Cynthia back together with Christopher...hahaha. For a trio express band...oh gizzz they can all go for a gang bang just like Dave does with all The Depeche Mode members and his wives. Wish you guyz all the best. Oh...not to mention Lari Kross together with her girls from New Lenox. Gang bang must be very popular this days.

Gang bang was always popular. Eddy knows it best. Also back in the 80z. Just like Dave did.

“ *In the US, it is considered bad manners, bad luck, and bad etiquette for a married woman to wear black to a wedding. In the US, black is associated with mourning and sadness.
Wearing black to a US wedding does not apply to men, as they can wear suits, a tie, and/or pants that are black to a wedding and not be considered rude .In Europe is the same. Especially when you are a Roman Catholic.
Well Cynthia Dicharia was playing against the Holly Spirit at Megan's wedding with Brent. Looks like she definitely hates Megan. She will end up very bad because of this. Megan will loose her children.
What you read on Google this days is very wrong what they say about a woman dressed in black at someones wedding. Years ago we didn't have Google and we took things very seriously.*

Tabernacle Canons - June 28, 2025 at 06:52 PM

“ Cynthia Dicharia went to Brent McAvoy's wedding dressed in black together with her mother. How stupid this 2 can be. This a completely disaster not only for Brent&Megan but also for every married couple present at the wedding. They will all die. This means a cursing took place at the wedding.

A married woman should never go dressed in black at the wedding. This is a very serious rule since very old times. Well...the Catholic priest will never tell u this.

Cynthia Dicharia you support the consequences.

“ Good night. My name is Kenneth Dicharia .I have conversations with myself when I'm on the mirror, but like I said nowadays it got out of control, I found my other self telling me to do stuff that I don't know if I only imagined that I wanted in those crazy conversations or if I really want to do them, and they scare me, because I know I can't stop doing this and I don't know how to control my actions. This happens all the time because I did never had a girlfriend and i'm so jealous.I can't stand my older brother Steven. He is dating beautiful young women all the time.

“ Good morning. I'm Angela Dicharia.
I grew up in a very dysfunctional family with a narcissistic psychopath of a father and a naive mother who usually was an enabler when she wasn't being victimized. Even though it was very clear at a young age to me that mommy and daddy absolutely hated each other's guts and only got married in the first place cause of my birth, they refused to divorce. "Staying together for the kids" is the absolute worst thing you can do to a child. Our home was a war zone growing up. It was non-stop psychological abuse and at times, it became violent depending on how drunk my father was. I'm the result of a horrible incest. My grandfather Andrew Dicharia is actually my father.

Hi. I'm John Michalec. Have you really screwed someone over such that they'd spend a large portion of their time trying to get revenge? Have you injured someone to the point where they will never be the same? In those cases, you may want to worry, but it's best to just confront the fear. I have become so paranoid over the past year that I do not have an own life. I did suffer from erectile dysfunction all my life.
