“ Words can not describe how very sorry I am for your great loss of an awesome person. Papa Frank has always and will forever hold a special place in my heart. The fond memories will be stored in my "special person" memory bank in my brain and I will always smile when I think of those fun times we all shared. Prayers & thoughts are with you during this rough time. I love you all!

“ We are so sorry for your loss, but know he is comfortable in God arms. I have known Franklin for a great part of my life, as well as the rest of your family. Have great thoughts of seeing Franklin at the post office, bowling alley and many other places, always with a smile and a great hello to "Bets" and how's it going? My most memorable thing is when I heard him sing "OLE MAN RIVER". Could not believe the beautiful voice that came out of Franklin. Memories are the greatest treasure we can have, hold on to them.

“ We are sending our condolences to his family. I enjoyed our working relationship that I had for 35 years at Thrall Car and I found Frank to be a very dedicated employee to his work ethics both as an hourly and management capacity. Since my retirement, I have enjoyed seeing Frank at various times in public places. It was always a joy talking over "old times". I will miss those visits with him. With grateful memories,

“ Frank and I had a very long friendship, going back the mid-sixties when I watched the Layout Department gang work overtime on fixtures. I thought that was the job for me and in February of '68 I successfully bid into the Department and went to work for Frank. We were both Valentine babies, me four years younger and both of us of strong opinions that made things pretty lively between us for the first couple years I worked for him. I don't know if he came around or I came around but we finally kinda got on the same page. Man, what memories I have of Frank I can't even begin to put all of them into words. He was like an older brother to me and always supported me to the fullest. I will miss him terribly.

“ Such a good friend, a brother. We shared so many experiences together for almost 40 years, business and personal, starting with that very first day at Thrall Car back in 1977 to our phone conversations across the miles in recent years, as late as last Wednesday. We know you are in a much better place, but our hearts will feel your loss for some time to come. Rest in peace, my good friend.

Love you always.
