“ I taught school at Woodland in East Hazel Crest and Jackie was one of my students I had in the Fifth Grade. Jackie was a very good student. Always smiling and happy and kind. Those were tough years to teach there because the junior high kids were out of control for the most part. That was the last year I taught school. I left with a heavy heart. A couple years later, I took a job working for Venture in Matteson. Years later, who should surprise me but Jackie, also working at Venture! Still the sweet smart girl I remember from Woodland. It's hard to see the little kids you taught come back as grownups! I was happy to know that Jackie had found a husband and was very happy. Years passed, Venture closed, but through FB we were still happily in touch. We talked on and on when we last met up with the old Venture gang last spring. I'm still in shock that she's gone now, taken far too young! I'll miss you Jackie. You won't be forgotten. You touched a lot of lives in such a good way.
