“ I remember Marilyn from when she was a regular at Dominicks. Shelly's had the kids running all over and had it all together with the way she would make sure that they all stayed in the same place even if they were running circles around the grocery cart when she would try to take out her groceries..lol
I remember her the most being impressed at what a great mother she was and it shows here what a great person she was,I'm glad I have the memories.
