GH

“ *My dear brother, you were called away all too soon... I will miss your kindness and compassion. I will miss your smile and infectious laugh. I will miss your support and your willingness to help everybody around you. Your service to the State of Illinois made me proud. Your devotion to your family will always be something I strive to copy. Not a day will go by when I won't think of all the good times we had. Even a simple half beef, half sausage trip with you was a pleasure.*

I am honored that you shared your entire life with me...

May your rest be peaceful. Give Mom and Dad a hug for me.

*Your brother,
Gary*

TR

Dear Gary, so sorry for your loss, I just learned that Mark passed. Although it's been many years, I have so many fond memories of growing up as neighbors. Let's find a way to stay in touch.
