“ Thanks be to God that we had 87 years of such a great guy. He left an enviable effect on Commonwealth Edison and the people who were fortunate to have worked for and with him. "R.E." will be remembered in our lineman stories as one of those legends of the "old timers" that will get better with each telling. My deepest sympathies are extended to Donna and the family on your personal loss but it is a loss that effects all who knew him. My prayers are that his life and memories will ease our pain.
