“ Carrie; Justin and family.....I'm sure you don't remember me but I met you both in Ohio at Foster's service a while back. Sharon and I were friends from the time we were little girls and she and your dad stood up with my husband and me when we got married. Even though we hadn't seen each other in years I still thought of her as my best and dearest friend in the world. I loved her like a sister and I am so sorry for your loss and although there are no words that can comfort you at this time please know that my thoughts and prayers will be with you over the next few days.
